

Everybody needs friends

...and the MDF is no different

There's much that goes on behind the scenes that makes the Macalister Demonstration Farm the unique place that it is. But you probably know that because you've been here, you know what we've done, you've learnt from experts in their field who are passionate about what they do. After all, we've been around for over fifty years!

But, most importantly, you believe in what the MDF can bring to the future. You can help us to secure that future by becoming a Friend of the MDF.

By becoming a friend you will be helping us to raise important funds that will be used directly towards more activities, events and increasing our online presence which in turn increases our public profile, extends our reputation and allows us to attract more investors to the projects we need to deliver for you.

Become a Friend!

Just complete your details over, pledge an annual contribution of \$100 and send it back to us.

**Become
a friend
of the
MDF!**

- Yes, I want to be a Friend of the MDF!
- Yes, I'm prepared to commit an annual contribution of \$100 to the work the MDF does!
- Yes, I'll happily receive an invoice now and in March each year in the future to remind me!
- Yes, include me on your mail-out list for newsletters and information about events and projects (email address preferred)!
- And, yes, I understand that I can end this commitment at any time by just letting you know.
